Special Notes & Reminders:

*Please remember to send a full water bottle and snack with your child daily.

*As we continue to work towards improving addition and subtraction skills, it is important and always beneficial to practice math facts at home in addition to school. Doing Xtra Math and repetition through the use of flashcards are ways you can practice at home with your student. Setting aside just 10 minutes a day or even a few times a week is always helpful!

***Unit 8 Homework packets are due Friday, January 14. As a reminder, as we move into third quarter and the second part of the year and continue to prepare for third grade and some of the expectations that come with moving forward, rewards will no longer be given for completing homework packets. As stated previously, homework packets are still optional, but also still highly encouraged to help reinforce skills learned in class. Please remember to TURN PACKETS IN ON THE DAY THEY ARE DUE. We work on the lessons and skills reinforced in these packets up until the day of the assessment. Trying to complete the packets early, before the skills have been fully learned, may be more difficult.**

*We will begin cursive this week! The kiddos are usually very excited and look forward to this!

Have a wonderful week!
